

**PROJECT:** 6th Floor Fit-Out

**Location:** Central Square, Cardiff

**Value:** £900k

**Timescale:** 9 weeks

## The client

Julian Hodge Bank is an independent Bank located in Cardiff. The Core Principle of Julian Hodge Bank is a determination to foster and maintain personal relationships with customers and hold a genuine interest in welfare with whom they have business relationships.

## The brief

We were commissioned to design and fit out Julian Hodge Bank's new headquarters at One Central Square, Cardiff. Within the design, the client wanted to reflect the companies core values. The project also featured a bespoke reception desk designed for the client.

## Project delivery

The project needed to be delivered in a tight timescale while still providing a high quality finish. The completed scheme for Julian Hodge Bank needed to feature a reception area which had to make a big impact. To do this, we added bespoke signage above the reception desk, made to stand out with its placement on a slate wall.

The project was completed under the tight timescale and both us as a company and the client were thrilled with the end result.
